Maintaining the competitiveness of Great Lakes shipping into the next century will require ingenuity and dedication. It will require special people.

Algoma Central Corporation is the largest Canadian shipowner on the Great Lakes-St. Lawrence Waterway.

Individually, the people of Algoma Central Marine offer performance, creativity, flexibility and vision.

Together, they provide motivation and leadership, superior marine engineering and effective Ship Management — on a steady course to the future.

Algoma Central Corporation is the leader in Canadian Great Lakes marine transportation.
