

ALGOMA CENTRAL CORPORATION ANNOUNCES RENEWAL OF NORMAL COURSE ISSUER BID

St. Catharines, Ontario, March 16, 2021 – Algoma Central Corporation (“Algoma” or the “Company”) (TSX:ALC), a leading provider of marine transportation services, announced today that the Toronto Stock Exchange (“TSX”) has accepted its notice of intention to proceed with the renewal of its normal course issuer bid (the “NCIB”).

Algoma’s Board of Directors believes that the market price of Algoma’s common shares (“Shares”), from time to time, may not reflect the inherent value of the Company and purchases of Shares pursuant to the NCIB may represent an appropriate and desirable use of funds. Any purchases made under the NCIB will be made by Algoma subject to favourable market conditions at the prevailing market price at the time of acquisition through the facilities of the TSX and/or alternative Canadian trading systems.

Pursuant to the notice, during the twelve month period commencing March 19, 2021 and ending March 18, 2022, Algoma may purchase up to 1,890,047 of its Shares, representing approximately 5% of the 37,800,943 Shares that were issued and outstanding as of March 8, 2021. Under the NCIB, other than purchases made pursuant to block purchase exemptions, Algoma may purchase up to 3,163 Shares on the TSX during any trading day, which represents approximately 25% of the average daily trading volume of the Shares on the TSX for the past six calendar months, being 12,653 Shares. Any Shares purchased under the NCIB will be cancelled.

In conjunction the renewal of the NCIB, Algoma has entered into a new automatic share purchase plan (the “ASPP”) with a designated broker to allow for the purchase of its Shares under the NCIB at times when Algoma normally would not be active in the market due to applicable regulatory restrictions or internal trading black-out periods.

Before the commencement of any particular internal trading black-out period, Algoma may, but is not required to, instruct its designated broker to make purchases of Shares under the NCIB during the ensuing black-out period in accordance with the terms of the ASPP. Such purchases will be determined by the broker in its sole discretion based on parameters established by Algoma prior to commencement of the applicable black-out period in accordance with the terms of the ASPP and applicable TSX rules. Outside of these black-out periods, Shares will continue to be purchasable by Algoma at its discretion under its NCIB.

The ASPP will commence on the Company’s behalf during the quarterly blackout period of the Company for its first quarter 2021 results commencing March 31, 2021 and will terminate on the earliest of the date on which: (a) the maximum annual purchase limit under the NCIB has been reached; (b) Algoma terminates the ASPP in accordance with its terms; or (c) the NCIB expires. The ASPP constitutes an “automatic securities purchase plan” under applicable Canadian securities laws.

The Company’s previous NCIB commenced on March 19, 2020 and expires on March 18, 2021 (the “Previous NCIB”). Under the Previous NCIB, the Company obtained the approval of the TSX to purchase up to 1,890,457 Shares, which represented 5% of the 37,809,143 Shares issued and outstanding as at the close of business on March 4, 2020. The Company purchased on the open market and cancelled an aggregate of 1,200 Shares under the Previous NCIB at a weighted average purchase price of \$7.99 per Share.

Although Algoma intends to purchase Shares under its NCIB there can be no assurances that any such purchases will be completed.
